SIGNATURE EXPERIENCES AND WORKSHOPS

Wine & Craft Nights
Get creative with the season through an evening of wine, fresh greenery and festive making. Guided by a local florist, craft your own centrepiece or whimsical Grinch tree, complete with thoughtful finishing touches and a glass of wine to enjoy along the way.

Manager's Reception
Begin the festive season in good company with cocktails, small bites and a warm welcome from the Rimrock Banff team. Gather in the Solstice Foyer, meet fellow guests and raise a glass to the celebrations ahead.

The Art of Coffee
Savour exceptional coffee and Rimrock's signature Travel Cake at Social, with notes of Alpine Honey and pine inspired by the mountain landscape. A comforting festive ritual to slow down and savour winter in the Bow Valley.

GATHER, CELEBRATE, RESTORE

The Terrace, Aglow
Firelight, mountain air and something warm in hand.

Throughout the festive season, the Market Terrace transforms into Rimrock Banff's open-air living room. Gather around glowing firepits, settle beneath warm blankets and savour seasonal drinks from Rimrock Market as the winter landscape unfolds around you. From traditional maple taffy and beloved Christmas films beneath the stars to the theatre of champagne sabering at sunset, each experience brings its own sense of occasion to the mountains. Come for a quiet moment by the fire or stay as daylight fades and the terrace comes alive with the spirit of the season.

New Year's Eve, Skijor Style
Mountain spirit, champagne and a little festive bravado.

Welcome the New Year with a spirited celebration inspired by the bold, playful fashion of skijoring. Dress in your finest Skijor-inspired attire and raise a glass with champagne on arrival as an electric violinist sets the tone for an unforgettable evening. Savour festive bites as midnight approaches, with Rimrock Banff's full à la carte menu available throughout the evening. A little mountain glamour, a touch of mischief and a memorable start to the year ahead.

Sunrise Yin: A Solstice Journey with Live Cello
First light, gentle movement and the resonance of live music.

Welcome winter with a restorative morning practice as first light spills across the Bow Valley. Through slow Yin Yoga and longer-held postures, allow the body to soften while the resonant sound of live cello brings a sense of calm to each breath. Held on the eve of the winter solstice, this atmospheric experience invites you to pause, reconnect and embrace the turning season. A quiet beginning to winter, grounded in stillness and surrounded by the grandeur of the Rockies.

MUSIC AND ENTERTAINMENT

Festive Vintage Vinyl Hour | The Listening Room
The first crackle of vinyl. The unmistakable warmth of a familiar voice. A cocktail placed beside you as Christmas returns to the turntable.

Step into The Listening Room for an hour of festive classics from Frank Sinatra, Doris Day, Nat King Cole and Bing Crosby. Paired with classic cocktails and an intimate atmosphere, it's an invitation to slow down, savour the nostalgia and rediscover the timeless soundtrack of Christmas.

Contemporary Christmas Carollers
You know the songs. You have probably sung them a hundred times. But you have not heard them quite like this.

Classic Christmas favourites are reimagined through contemporary a cappella and doo-wop arrangements, blending close harmonies with playful rhythms and unexpected turns. Enjoy a fresh take on beloved melodies, with performances that invite you to pause, sing along and embrace the spirit of the season.

Blending classical technique with a modern edge, the electric violinist transforms festive favourites and contemporary music into a vibrant, cinematic performance. Sweeping melodies and unexpected arrangements bring a fresh energy to the season, offering a contemporary twist on the familiar sounds of Christmas.
